## ~S04B

Electronic registration + hardcopy submission (only application form by e-mail and full hardcopy set of the proposal by regular mail)

## S05A

Test Trial of Pure Electronic Submission  
(concomitantly with the previous system)

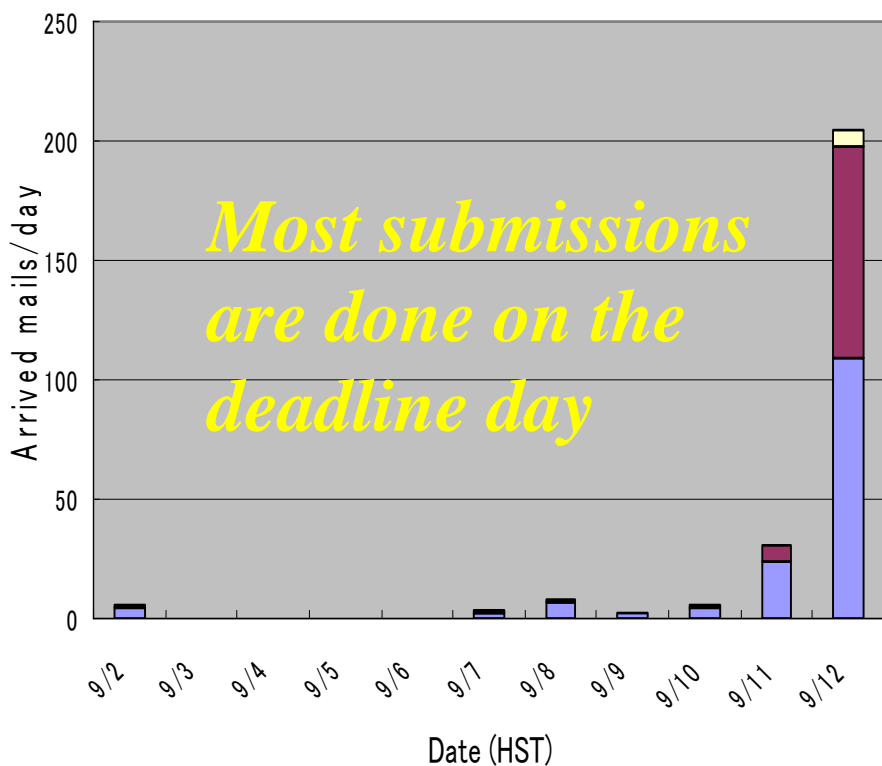

## S05B~

Full adoption of Pure Electronic Submission (hardcopy submission is not supported any more)

# Concentration near to the Deadline

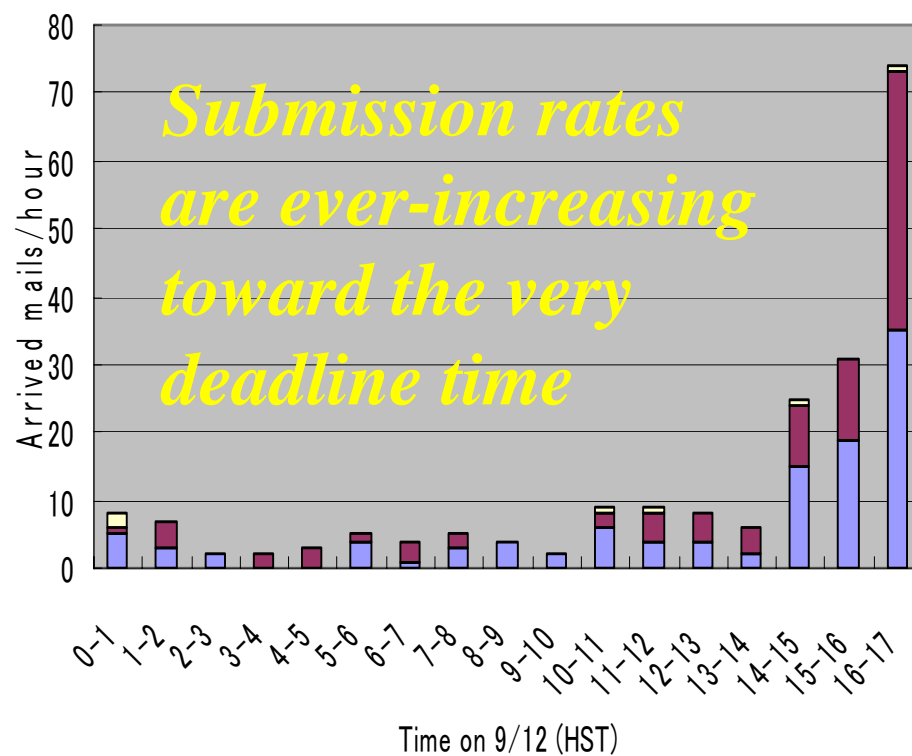

S06A proposal mail arrival rate

■ To newly submit ■ To update □ To remove

Ever increasing rates toward the deadline (9/12 17 HST)

■ To newly submit ■ To update □ To remove

**10 days before the deadline date**

**17 hours before the deadline time**

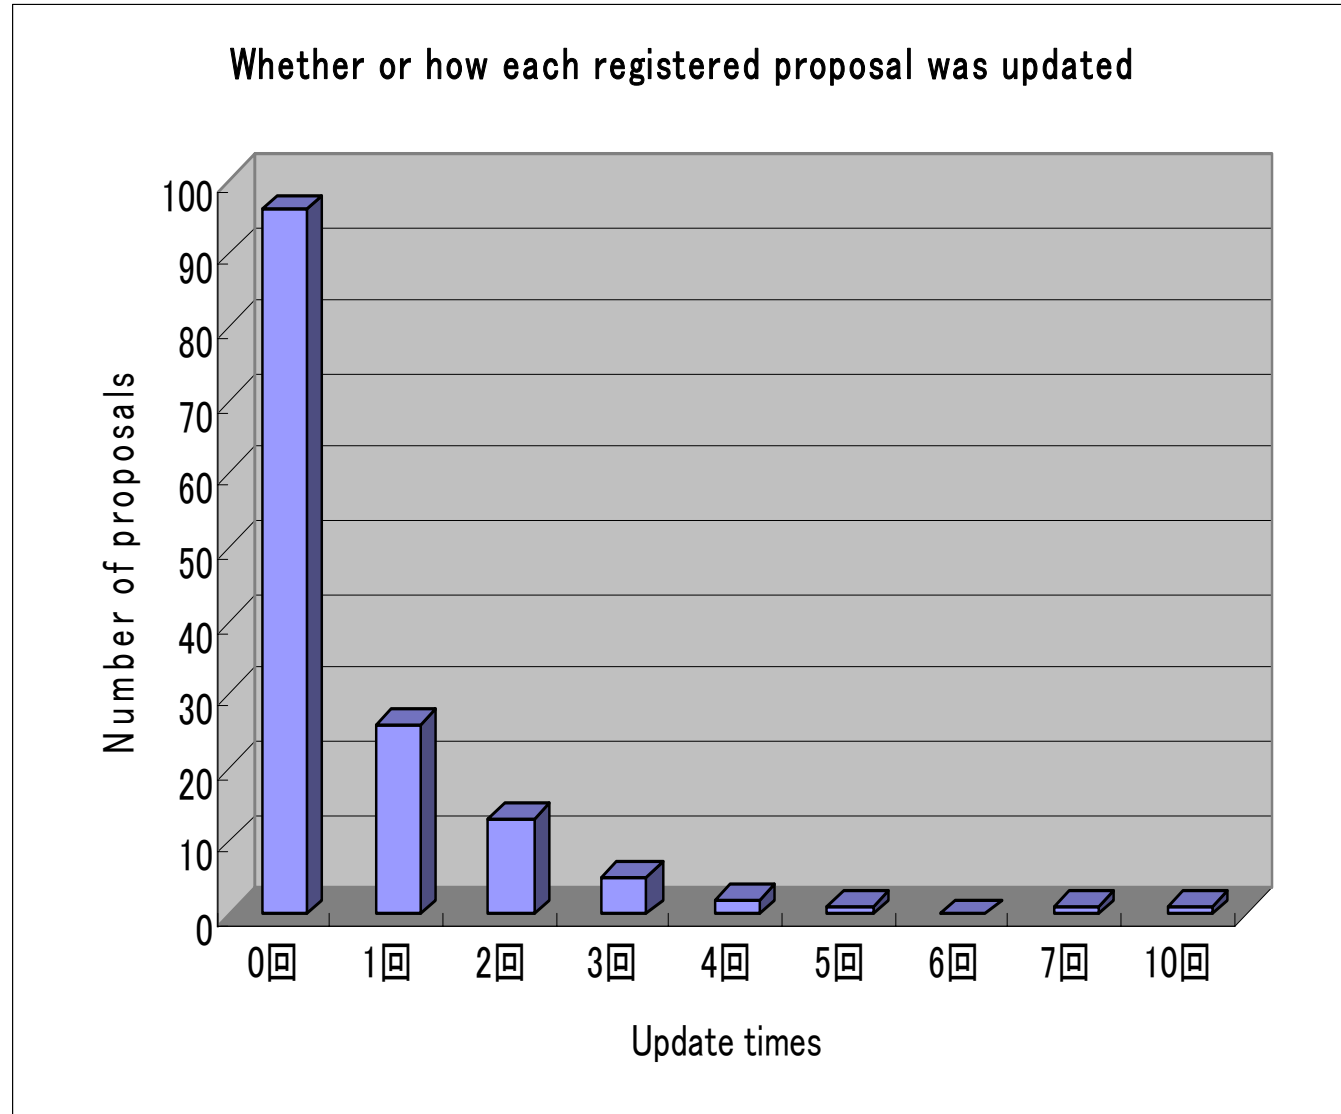

# Submission may be updated as long as before the deadline

- Functions of PROMS

- New submission
- Update submission
- Remove submission

To be used  
only for  
withdrawal

# Policy toward Late Submissions

Any submission request (irrespective of new or update ones) arrived after the closing time\* of PROMS will never be accepted for whatever reason

\*PROMS closing time is normally set at “deadline time +  $\alpha$ ”, where  $\alpha$  is a slight allowance time on the order of  $1 \text{ min} \leq \alpha \leq 10 \text{ min}$ )

# Next S06B Call for Proposals

- Announcement of S06B CFP will be made around 2006 mid-February (on the Subaru Observatory web page, mailing to TENNET, GOPIRA, RYUNET, OML)
- **2006 mid-March (maybe March 14, JST)**
  - Will be the deadline for the submission of Normal and Intensive Program proposals

(Deadline for the Service Programs are currently under discussion and still unsettled)
